2020 YOUTH TEAM MISSION STATEMENT INSPIRES EXPANSION TO YEAR-ROUND PEACE LEADERSHIP PROGRAM

The Youth Leadership Team for the 2020 Youth and Peace Conference created a mission statement that provided the foundation and inspiration for expanding the annual conference into a year-round peace leadership training program.

Tucson Youth and Peace 2020-2021

Our Mission is to *educate our peers in Cultivating Safer Communities by Centering Women of Color**, as we recognize that when women of color are safe, specifically Black, Indigenous, and trans women, all women are safe. Our hope is to *plant a seed* for a healthier and safer community for all by offering workshops that unpack systemic and domestic violence, as well as violent ideologies like toxic masculinity, sexism, racism, colorism, and more, and *promote healthy social environments and healing*. Our growth as a community depends on our willingness to unlearn, learn, and allow ourselves to *abolish roots of violence* within ourselves and our communities. Ultimately, by centering the health, safety, and happiness of women of color, we *begin cultivating peace for all*

**Title selected by Youth Team for 2020 YPC*

2021 PLAN | *TRANSITION*

This is a year of exciting transition and growth for us. We are expanding into a year-round peace leadership training program for youth, ages 13-24.

The Tucson Youth and Peace (TYP) Youth Team is organizing and promoting a series of monthly workshops with a unique theme each month, for example, Women's History Month in March, Sexual Assault Awareness Month during April, Mental Health Awareness in May.

Follow the TYP Youth Team on Instagram @TucsonYouthAndPeace.

Planning is underway for the 10th Annual Youth and Peace Conference (YPC) including recruiting adults interested in serving on the YPC Adult Logistics Team and youth (ages 13-24) wanting to serve on the YPC Youth Leadership Team.

COVID conditions allowing, the 2021 conference will once again be held as an in-person event in the fall on the Pima Community College West Campus, under recommended CDC safety procedures.

A sustainable structure for Tucson Youth and Peace and its Annual Youth and Peace Conference is being developed. Please consider the various ways you can support this unique youth and peace leadership program:

- ◆ Serve on the 2021 YPC Adult Logistics Team (planning meetings start in June).
- ◆ Have an exhibit table at the 2021 YPC Resource Fair.
- ◆ Become a sustaining sponsor for TYP/YPC (see the next page).
- ◆ Designate your agency or organization as a Partner for TYP/YPC.
